Pictured with KyuJung Whang are Bill Sitzabee, Jessica Brewster, Sherrie Joseph, Nancy Phelps, Carina Volkmann, and Wendy Hackett.
EMPLOYEE OF THE QUARTER

CONTRACTS TEAM

The Contracts Team has had an exceptional year, breaking a 35 year record. Actually it could be more but the records don’t date back any further. Regardless breaking a 35 year record is quite an accomplishment. They have exceeded the 500 contracts mark! They have executed 516 contracts this year with an estimated value of $257.4M in both construction and design. Of that 257.4M, $989K is reimbursable expenses under design and $650K from 13 blanket agreements. This is an 11% increase over our running three year average of 458! As we well know, there are many contracts that require amendments and change orders so when you add those in the increase is very significant!

This team is noted for their professionalism and demonstrates this in all aspects of their job but specifically in their teamwork approach to contract delivery with each member working different aspects of the contract execution.

Congratulations Nancy, Jessica, Sherrie, Wendy and Carina!
