Infrastructure Properties and Planning

Mission
Create and steward a dynamic environment in support of the University’s mission.

Vision
Accelerate the transformation of Cornell University into a world recognized model of excellence, innovation, and sustainability.

Values

- Truth
- Respect
- Integrity
- Teamwork
- Excellence

Enhance Value to Those We Serve

- Accelerate Climate Action
- Build trust with our partners
- Enhance communication and outreach
- Pursue livable, economically sustainable and accessible communities

Enhanced Fiscal Stewardship

- Generate external revenues for the University
- Develop a funding strategy to achieve priority goals
- Minimize recharge of University dollars

Elevate Operational Excellence

- Create an integrated capital planning process
- Attain a responsible maintenance backlog
- Improve, streamline and document processes
- Identify, develop and implement metrics to drive decisions

Talent Management

- Prepare staff for succession into leadership and critical roles
- Create career-broadening opportunities
- Build an engaged culture for continuous improvement
